### LETTER FROM THE PRESIDENT

I'd like to start off by thanking everyone for his or her concern about my health. I have found that open-heart surgery is pretty much a routine procedure even though it didn't seem that way to me going into it. All of your cards, phone calls and emails were very uplifting and greatly appreciated through my continuing recovery. Thanks again. This is just a short Newsletter to give everyone a summer update and spread the word.

Our July meeting is a good one. It's a very relaxed get together so come out and enjoy the good company. We will be starting around 6pm in the Grove at Square Circle. You may fish the lake if you want, you do need a NJ fishing license and it's catch and release, or participate in the accuracy casting contest or try out any of the TFO rods that Steve Monahan will be providing. Steve has a limited number of reels so if there's a particular rod weight of interest bring along a reel and line so you can "test drive" the rod of your choice.

A lot of work goes into preparing for the BBQ and knowing the number of people planning to attend really helps out. So if you plan to attend and we hope you do, please contact me at (856-784-4961) or reply through email. You may also contact Tim Egan at 856-848-9417 or 609-617-7783. We're still looking for a couple of propane gas grills to help with the cooking. We'll do the cooking all we need is your grill.

### Future Meetings

There is no August meeting planned so our next meeting will be the September salt water get together. The meeting is scheduled for September 24<sup>th</sup> which would be our regular meeting night. We will be meeting at Corson's Inlet from early afternoon till dark and we will be providing transportation to and from parking lot to the point via a shuttle system (Tim Egan's truck).

## Up Coming Trips

September 17<sup>th</sup> to 19<sup>th</sup> is also the Spruce Creek trip. Here's a chance to fish the same waters as the likes of George Harvey, see Sept. issue of "Fly Fisherman", Runs and Riffles section. Carl Wyckoff is the contact person and may be reached at 856-468-4334.

Carl is also putting together a trip to Alaska for salmon scheduled for Sept of 09. Carl's presentation at the June meeting was based on his trip last year. So again, if you are interested contact Carl.
